

quaint charm with Oregon Trail historic sites, river recreational opportunities, and local watering holes.

Mills held its first election on May 10, 1921. The first mayor was George E. Boyle, who was elected alongside new Councilmen Fred Hunter, Fred Shackleford, G.W. Lindsley, and Michael Kennedy. A century later, Mills is served by Mayor Seth Coleman with Councilmembers James Hollander, Darla Ives, Sara McCarthy, and Brad Neumiller. They continue their tradition of public service and stewardship.

From its incorporation as a town with a population of 500, Mills entered 1990 with over 1,500 residents. Today it boasts a population of over 4,000 people and is one of the fastest growing communities in Wyoming. On August 4, 2020, Governor Mark Gordon signed a proclamation declaring Mills a "First-Class City." This is another milestone to add to the summer celebration.

It is my honor to commemorate this historic milestone for the city of Mills. Their centennial celebration is a tribute to generations of determination and community. Bobbi joins me and everyone in Wyoming in our appreciation of everything the people of Mills have contributed to our great State and Nation. We extend our congratulations as we look forward to the next 100 years.

#### ADDITIONAL STATEMENTS

##### REMEMBERING DR. SAUL HERTZ

• Mr. BLUMENTHAL. Mr. President, today I rise to recognize Dr. Saul Hertz, a pioneer for medical uses of radioiodine, RAI.

The son of Jewish immigrants from Poland, Dr. Hertz graduated from Harvard Medical School in 1929. While serving as director of the Massachusetts General Hospital's thyroid unit, he attended a presentation about the use of physics in medicine. Inspired by the concept, Dr. Hertz worked alongside Massachusetts Institute of Technology physicist Dr. Arthur Roberts to discover the potential for iodine radioisotopes in thyroid disease diagnosis and treatment.

On March 31, 1941, after years of experiments, Dr. Hertz administered the first therapeutic use of radioiodine to a human patient. Never before had humans been successfully treated with an artificially produced radioactive material. In 1946, Dr. Hertz was the lead author of the May issue of the *Journal of the American Medical Association*, which featured a 5-year study following 29 patients he treated through this method. Today, medical uses of RAI remain the gold standard of targeted precision oncology.

Dr. Hertz made a number of other outstanding contributions to the medical field. Notably, his research played an essential role in the developing field of nuclear medicine, which was critical during World War II and beyond. In 1949, he established the first Nuclear

Medicine Department at the Massachusetts Women's Hospital.

Dr. Hertz passed away on July 28, 1950, but his legacy is enduring. Not only does his work continue to support extraordinary medical work, but his memory also encourages other researchers through the Saul Hertz, MD, Award. Bestowed by the Society for Nuclear Medicine and Molecular Engineering, this eponymous award honors individuals who make phenomenal strides in the radionuclide therapy field.

Dr. Hertz's archives are kept in Greenwich, CT, offering a rich history of research in this critical field and a testament to his brilliant, lifesaving work. This year, Greenwich, CT, First Selectman Fred Camillo issued a proclamation, naming March 31 "Dr. Saul Hertz Nuclear Medicine/Radio Pharmaceutical Day." This recognition is a tribute to Dr. Hertz's remarkable legacy and the impact he will forever have on this field.

I applaud his many accomplishments and hope my colleagues will join me in remembering Dr. Saul Hertz. •

##### TRIBUTE TO RETA HAMILTON

• Mr. BOOZMAN. Mr. President, I rise today to recognize a prominent conservative leader, Reta Hamilton, for her long-standing commitment to serving and strengthening the Republican Party in Arkansas and nationwide.

Mrs. Hamilton launched her political activism career in 1987. In the decades since, she has made numerous contributions to mobilize the conservative cause—and with great success. Nicknamed "the Road Warrior" since her early days, she has driven nearly every highway in Arkansas, supporting, encouraging, and building county committees and Republican Women clubs. She is a longtime Tusk Club member, which denotes her dedication to GOP candidates and ideas.

Mrs. Hamilton's commitment and impact have been widely felt at the local level. She served as president of the Washington County Republican Women in 1989 and more than doubled its membership, for which she received a newly-created award from the Arkansas Federation of Republican Women as well as recognition from the National Federation of Republican Women. The Washington County Republican Committee honored her as Republican of the Year at its 1989 Lincoln Dinner, with Congressman John Paul Hammer-schmidt participating in the presentation. That year, she was also elected as AFRW third vice-president.

Mrs. Hamilton eventually moved to Benton County and in 1994 was elected secretary of the Benton County Republican Party. She later served as a State committeewoman and was honored at the 1996 Lincoln Dinner as Republican of the Year in Rogers, AR. Mrs. Hamilton was elected one of six electors to serve both in the 2008 and 2012 electoral college.

During her years of involvement in the Republican Party of Arkansas, she became second vice chair and was appointed to the Arkansas Governor's Appointments Committee, as well as a serving a record 14 continuous years on the Executive Committee of the Arkansas GOP.

Mrs. Hamilton was appointed by the State chairman to serve over 10 years on the RPA Rules Committee. A pinnacle of her political career came in 2003, when she was elevated to the position of RPA State chairman. During this time, she was able to refocus the State party and set it on a course to majority leadership. Mrs. Hamilton was elected Arkansas Republican National Committeewoman in 2005 and served until term-limited in 2012. She also served on the RNC Rules Committee from 2010 through 2012.

She was also elected by RPA delegates to serve on the RNC Rules Committee from 1996 to 2016. Mrs. Hamilton was an elected delegate to every Republican National Convention from 1992 through 2020, serving as a Trump delegate in 2016 and 2020.

At the Reagan Rockefeller Dinner in 2016, the RPA awarded Mrs. Hamilton the "Hi, I'm Frank White" Award for making significant contributions to build the State party.

Having been involved with the National Federation of Republican Women since 1983, Mrs. Hamilton was appointed to serve as a nonvoting member of the NFRW Board of Directors in 2000 and served until 2020 as a regent and capital regent. She has attended nearly every NFRW biennial convention since 1987. Mrs. Hamilton was honored with an appointment and election to fill the vacancy of national committeewoman from December 2020 to June 5, 2021.

I am honored to call Reta Hamilton my friend, and I am incredibly proud of her efforts to elevate and expand the Republican Party in Arkansas. Her conservative influence on the Arkansas GOP and this Nation has made a difference. The direction of our State and growth of the Republican Party into the majority party demonstrates the power that passion and commitment to one's ideals can have. I hope her example will serve as a lesson to future generations of Arkansans and Republican leaders. •

##### TRIBUTE TO RYAN TUCKER

• Ms. ERNST. Mr. President, I rise today on behalf of Iowans across our State to recognize the distinguished career, dedication, and lifelong hard work of Mr. Ryan G. Tucker as he concludes his time as president of the Iowa Funeral Directors Association, IFDA.

As many who know him will tell you, Ryan grew up with a spirited commitment to his community, his family, and to others. A native of Sumner, it did not take long for Ryan to begin working in the trade. As a student at North Iowa Area Community College,
